

Come On Labels

Quercus events

From April 9th 2013 Quercus has participated in 25 events, organized by Quercus, manufacturers, municipal energy agency or by schools all over the country and attended by 1550 participants (general public, students and teachers).

The Come On Labels project was presented to the audience focusing on the new energy labels and their importance for energy efficiency from the consumers' point of view and the promotional materials were disseminated among the participants.
