INTELLIGENT  
ENERGY

EUROPE

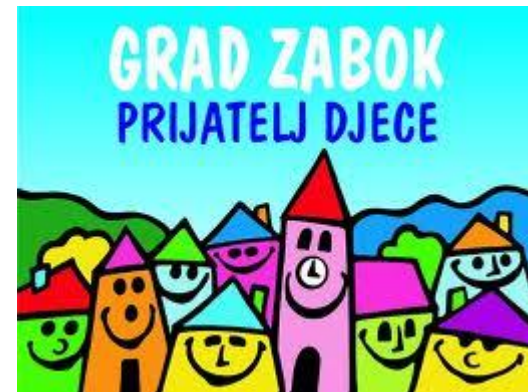

FOR A SUSTAINABLE FUTURE

The Zabok energy day was organised by North-west Croatia Regional Energy Agency (REGEA) on 18th June 2012. In Zabok, a small town 30 km far from Zagreb, energy efficiency and renewable energy companies and institutes participated. Some hundred of leaflets on new energy labels has been distributed to the end users, the event visitors, to whom also individual consultations were offered.
